

CENTSABLES APP AMONG THE YEAR'S BEST

DOWNLOAD TODAY!

The Centsables Dash for Cash has been judged a finalist for the **2016 Kidscreen Awards**, which celebrates the year's best work in children's TV programming and digital media.

Dash for Cash, which was also a finalist for a **Cynopsis Kids Award**, is available at no cost for Mac and Android mobile devices. The game, for kids ages 5 - up (and adults too), combines fun with financial literacy, encouraging players to collect falling currency in order to meet the goal amount, while avoiding money-stealing bad guys and other obstacles in their path.

For information about the Dash for Cash app, and other components of The Centsables financial literacy program, please contact Tony@centsables.com
